## SUMMARY

Passionate Computer Science student seeking a UI/Front-End internship. Bringing hands-on experience in JavaScript, TypeScript, React, and modern UI frameworks. Proficient in crafting responsive, accessible, and pixel-perfect interfaces with HTML5, CSS3, SCSS/SASS, Tailwind CSS, and BEM methodology. Familiar with UX principles, component-driven design, state management (Redux, Context API), testing (Jest, React Testing Library), and REST/GraphQL APIs. Strong problem-solving skills, solid understanding of data structures & algorithms, and collaborative Agile workflow using Git/GitHub. Upper-intermediate English (B2) and eager to contribute to dynamic UI teams.

## CORE SKILLS

### Languages:

JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS/SASS, C# (Intermediate), Java (Intermediate)

### Frameworks & Libraries:

React.js, Next.js (Basic), Vue.js (Basic), Redux, Framer Motion, Tailwind CSS, Material-UI, Chakra UI

### Technologies::

REST & GraphQL, Axios, Fetch API, Jest, React Testing Library, Cypress, Storybook, Webpack, Vite, npm, ESLint, Prettier

### Methodologies:

Agile, Scrum, Kanban, TDD, Component-Driven Development

## PROJECTS

React, Express, PostgreSQL, Agile

### FitApp – Fitness Companion

[fit-app-frontend.vercel.app](https://github.com/Makc240305/fit-app-frontend)

Full-stack fitness platform for goal tracking and meal planning. Developed calorie calculator with dynamic Recharts graphs, AI-powered recipe generator based on dietary preferences, and JWT authentication with Google OAuth. Collaborated in Agile team using Trello and Notion. Responsible for frontend architecture and PostgreSQL database design with Prisma ORM.

React, Vite, Tailwind, Framer Motion

### My portfolio

<https://github.com/Makc240305/My-portfolio>

Personal portfolio site showcasing skills and projects. Implemented smooth animations with Framer Motion and responsive design using Tailwind CSS.

JS, SCSS, HTML

### Weather App

<https://github.com/Makc240305/Weather-App>

Weather application using Vanilla JavaScript and OpenWeather API. Features dynamic background changes based on current weather conditions.

## EDUCATION

Oct 2022 – Feb 2026

### Computer Engineering Bachelor

Uniwersytet WSB Merito Gdańsk

Specialization in software development and modern web technologies.

Sep 2020 – 2022

### Computer Engineering Bachelor

XKTEI

Specialization in software development and modern web technologies.

## EXPERIENCE

Aug 2021 - Jan 2025

### Freelance Image Editor

Upwork (Remote)

Edited and optimized images for websites using Photoshop. Communicated with international clients in English. Collaborated with front-end developers to integrate graphical elements into web applications. Skills: Figma, Illustrator, Photoshop

Jan 2022 - Mar 2022

### Web Developer Intern

Web Kuznya, Khmelnytsky (On-site)

Internship focusing on frontend development. Gained practical experience with web technologies while working on real projects in a professional environment.
